

TWO WARSHIPS  
GOING TO HAVANANavy Department Orders Admiral  
Osterhaus to Sail.

## CLASHES OCCUR IN HAVANA

Minister Beaupre Reports Conditions  
in Cuban Capital as Assuming Char-  
acter of a Race War—Says Negroes  
Are Being Goaded Into Violence and  
That Retaliation Might Have Disas-  
trous Consequences.

Washington, June 10.—The navy department, acting under instructions from the state department, ordered Admiral Osterhaus to proceed forthwith from Key West to Havana with one dispatch ship and one other ship. These orders were issued by the state department after the receipt of a dispatch from Minister Beaupre reporting that conditions in Havana and suburbs of the city had assumed the character of a race war.

It is probable that Admiral Osterhaus, besides the dispatch ship, will take his flagship, the Washington, into Cuban waters.

Minister Beaupre's message said that conditions in and around Havana had been menacing since Friday night and that there were anti-negro demonstrations of large proportions by irresponsible elements and that there were clashes in every quarter of Havana and vicinity.

He reported that the negroes were being goaded into violence and that retaliation might have disastrous consequences. Americans and other foreigners and many Cubans, he said, were very apprehensive, and desired the sending of an American war vessel.

## Marines to Guard Property.

The state department has decided to leave entirely to Rear Admiral Usher, commanding the fourth division of the Atlantic fleet, the disposition of the American marines who are to be employed as guards for foreign owned properties in Eastern Cuba.

He will, of course, be expected to consult the state department where questions of policy are involved.

An appeal for protection came from Baracoa, on the north coast of the island, Americans and Norwegians joining in the application for guards for their plantations. As the gunboat Nashville is nearly in Nipe bay Captain Davis, her commander, will be instructed to extend necessary protection.

The commander of the Prairie, which was rushed to Manzanillo from Guantanamo in answer to repeated calls for help, has reported that there is not a rebel within sixty miles of the place and that all is quiet but the ship will be kept there for a time to reassure the plantation owners in the vicinity.

## RACE RIOTS ARE POSTPONED

Heavy Rains Drive Every One In-  
doors at Havana.

Havana, June 10.—President Gomez, on being informed that American warships had been ordered to Havana, declined to make any comment. Senor Ramirez, the presidential secretary, however, said that the president had expressed neither satisfaction nor regret on the receipt of the news.

Anti-negro rioting, it was feared, would occur in Havana, but the heavy rains drove everybody from the streets except the military and police patrols. Senor Ramirez, in a statement on the situation, belittled the seriousness of the conditions in the capital. He declared that the government had 14,000 troops in Oriente province and that the insurgent bands were being broken up.

## VIEWS OF TWO MANAGERS

McKinley and Dixon Discuss Probable  
Visit of Roosevelt.

Chicago, June 10.—"Theodore Roosevelt is expected to arrive in Chicago on Wednesday morning next," said William B. McKinley, manager of the Taft candidacy.

Senator Dixon, who is in direct touch with Oyster Bay, said that chances of Colonel Roosevelt's appearance in Chicago had been lessened, but he did not say that the colonel would not be here in the flesh.

"The situation may develop in an instant which demands the presence of Colonel Roosevelt," Senator Dixon said. "That prospect now seems to us to be remote."

## COLONEL SAYS HE MIGHT GO

At Present He Has No Intention of  
Going to Chicago.

Oyster Bay, June 10.—The wires between Sagamore Hill and the Roosevelt headquarters in Chicago were kept busy, as Colonel Roosevelt went over plans for the contests before the national committee with his managers. Whatever was decided upon the colonel kept to himself. He said he would add nothing to his statement in which he attacked the committee.

Once more the colonel was asked whether he was going to Chicago and he again responded that, while he had no present intention of going, he might change his mind.

ARBITRATORS TO  
SETTLE DISPUTEProminent Men Will Adjust East-  
ern Labor Trouble.

## AFFECTS FIFTY RAILROADS

Chief Justice White of the Supreme  
Court, Commissioner of Labor Neill  
and Judge Knapp of the Commerce  
Court Agree on Personnel of the  
Tribunal to Fix Wages of Locomo-  
tive Engineers.

Washington, June 10.—The board of arbitration to settle the differences between the railroads east of Chicago and their engineers, which a few weeks ago threatened a serious strike, has been appointed by Chief Justice White, Dr. Charles P. Neill, commissioner of labor, and Judge Knapp of the commerce court.

The board is composed of Oscar Straus, former secretary of commerce and labor; Dr. Albert Shaw, editor of the American Review of Reviews; Otto Elditz, former chairman of the Building Trades Employers' Association of New York; Frederick N. Judson, lawyer of St. Louis; Dr. Charles R. Van Hise, president of the University of Wisconsin; Daniel Willard, president of the Baltimore and Ohio railroad, and P. H. Morrissey, former president of the Brotherhood of Railroad Trainmen.

Messrs. Willard and Morrissey were named as members of the board by the railroads and engineers respectively.

The issues affect fifty railroads, including the Pennsylvania and Baltimore and Ohio, east of Chicago and north of the Ohio river. About 25,000 engineers are directly concerned.

The parties were brought together through mediation under the Erdman act which resulted in an agreement to arbitrate.

The demands of the men are for a standard wage in the entire Eastern territory. The firemen of these systems have presented similar demands but no action has yet been taken by the companies.

## C. A. TOWNE SERIOUSLY ILL

Former Minnesota Confined to Home  
With Pneumonia.

New York, June 10.—Charles A. Towne, former United States senator from Minnesota, is seriously ill with pneumonia at his home in this city.

Mr. Towne has been in the West aiding Speaker Champ Clark in his canvass for the Democratic presidential nomination.

He returned on Friday in poor health, following a severe cold. His physician announced that he was in a critical condition.

Two Aviators Are Killed  
Frenchmen Fall 300 Feet and Mono-  
plane Is Wrecked.

Mourmelon, France, June 10.—Kimmerling, one of the best known aviators, and an engineer, Tonnell, who was flying with him as a passenger, were instantly killed by a fall of 300 feet.

Kimmerling was trying out a new monoplane. The machine was seen to oscillate violently and then suddenly it dropped straight to earth. The machine was wrecked and it was impossible to ascertain the cause of the accident.

Motor Car Goes Into River  
Only One Man Out of Six in Auto  
Accounted for in Boston.

Boston, June 10.—An automobile containing six men went over an embankment into the Charles river and thus far the police have been unable to account for only one of the number.

This man, Gerald Whalen of Roxbury, told the officers the others made their escape before the car took its plunge and then disappeared, but the police are doubtful if all got away.

Two Drown in Duluth Harbor.  
Duluth, June 10.—Henry La Croix and Marine Danne were drowned in the harbor. They were knocked off a lumber dock by a timber which broke from its fastenings while being hoisted. The blow was so heavy as to make them unconscious and they perished before assistance could reach them.

JOHN A. MEAD.

Vermont Governor Enters  
Race for Vice Presidency.

## MEAD FOR SECOND PLACE

Governor of Vermont Candidate for  
Vice Presidency.

Chicago, June 10.—Former State Senator J. F. Manning of Vermont, now of Chicago, made formal announcement of the candidacy of Governor John Abner Mead of Vermont for the Republican vice presidential nomination. The announcement was confirmed by a telegram from Governor Mead, which added that the nominating speech would be made by John R. Lewis of Rutland, Vt., who, with Governor Mead, is expected to arrive in Chicago next Thursday.

NOTED NAVAL HERO  
DIES AT WASHINGTONRear Admiral Lamberton Saw  
Service With Dewey.

Washington, June 10.—Rear Admiral Benjamin Pfeffer Lamberton, U. S. N., retired, who as Admiral Dewey's chief of staff received the surrender of the officers of the Spanish fleet after the battle of Manila, died suddenly at his home here.

The aged officer had been an invalid for some time. He went to sleep in jubilant spirits after learning that the Washington baseball team, in which he was greatly interested, had won its tenth straight victory. He did not wake up again. Just before the family retired it was discovered that the admiral's sleep was not natural and physicians were hurriedly summoned, but it was too late.

During the last few years of Grover Cleveland's lifetime Rear Admiral Lamberton was the former president's intimate friend and fishing companion. A widow and one son survive the officer.

## CHAUFFEUR NEARLY LYNCHED

Negro Kills Chicago Man and Is Res-  
cued by Police.

Chicago, June 10.—Kirby Smith, negro chauffeur, thirty-one years old, was pursued and captured by an angry crowd of pedestrians on North Clark street and threatened with violence after he had run over and killed a man believed to be Michael Missey, fifty-five years old.

The negro was rescued by the prompt arrival of two policemen, who were obliged to draw their revolvers and use their clubs to hold the angry crowd in check until the police patrol reached the scene.

After running down the victim Smith attempted to escape, but was obliged to stop the automobile after he had gone several blocks, as it evidently had been damaged by the accident.

## TAFT'S YACHT IN DANGER

Narrowly Escapes Collision With  
the Steamer Northland.

Old Point, Va., June 10.—The presidential yacht Mayflower, with President and Mrs. Taft and party of their distinguished guests aboard, narrowly escaped a collision with the steamer Northland of the Norfolk and Washington line, not far from Point Lookout, where the Potomac river empties into Chesapeake bay. Only the vigilance of the officers of the Northland and the Mayflower and their prompt action prevented what looked for a minute like an accident.

As it happened the Northland narrowly missed the Mayflower. Officials and one or two persons on the passenger boat were looking got only a momentary shock.

JUST WHAT MAKES  
THE RAIN FALL?Example of Unusual Questions  
That Come Before U. S. Senate.

## SCIENTISTS IN CONTROVERSY.

Is Rain Attracted by Trees and Forests  
and Repelled by Barren Lands Which  
Have Been Denuded of Forests?  
Representative Hobson on the Battles  
of Santiago and Manila.

By ARTHUR W. DUNN.

Washington, June 10.—[Special.]—Everything under the sun is discussed in the United States senate, and naturally the question as to what makes the rain fall and kindred subjects come up for consideration. That this question might have lasted long there is no doubt had not the floor been in control of Senator Chamberlain of Oregon and he carefully steered the discussion in another channel.

There is a controversy between scientists as to whether rain is attracted by trees and forests and repelled by barren lands which have been denuded of forests. The whole theory of conservation of water just now rests upon the claim that the forests in the highlands not only hold the moisture, but that rain is attracted by such forests. Professor Willis L. Moore, chief of the weather bureau, has combated this claim and raised a great controversy among conservationists by so doing.

## Good Senatorial Subject.

Of course a controverted point like that makes a fine subject for senatorial discussion, especially when it interests a man like Senator Heyburn. The Idaho senator claims that snow melts much faster in the forests than on barren lands, which is absolutely against the idea of the conservationists. Heyburn claimed that the Chinook winds swept through the forests and carried off the snow very fast. Other western senators disputed this view.

## Eloquent and Interesting.

Congressman Hobson became eloquent and dramatic in talking of the navy in the house, and former Speaker Cannon said he was so interesting that he wanted him to continue. The ex-naval officer, the man who sank the Merrimac in the mouth of Santiago harbor and was taken prisoner after that feat, was speaking of the battles of Santiago and Manila. "Looking through my prison windows," he said at one stage, which naturally gave a touch of the romantic and dramatic to the recital, he told what he had seen. He then went on to describe how afterward he visited the Spanish wrecks along the coast of Cuba and also how he had inspected and reconstructed the Spanish ships which Dewey sent to the bottom of Manila harbor. Captain Hobson was given all the time he wanted to tell the story of these two naval battles, which, he declared, had never been equaled in naval warfare.

## Repartee in the House.

Minority Leader Mann had made a point of order, and Chairman Fitzgerald, who is a real parliamentary sharp, tried to get the best of the ruling by fixing it his own way. "I was not caught by the suggestion of the gentleman," said Mann. "I am too old in the game for that."

At another time Fitzgerald said, "There are good lawyers in the house, and I do not include myself among the number."

## Taylor Is Active.

During the consideration of a claims bill in the house one particular item was questioned. Congressman Willis of Ohio tried to explain it, saying it was introduced by his colleague, Congressman Taylor, who was then absent.

"Though absent, he is still present," remarked Congressman Mann, "because he has three items in this bill."

"I know he has," replied Willis. "I wonder how he gets them reported," murmured Butler of Pennsylvania. "He is very active in behalf of his constituents," explained Willis.

## "Queerish Business."

General Sherwood criticised reports from the interior department regarding the cost of the new pension legislation. Paying his respects to Secretary Fisher, who signed the official papers presented to him by the pension office, he said that of course no secretary can know the contents of all the papers he signs, but that the present secretary "is young and new in the 'queerish business' of statecraft. He was born in 1862, the second year of the war. No doubt he was a sweet and promising baby, and probably he knew as much about pensions in 1862 as he does today."

## Just One in the World.

During the discussion of the canal bills Hill of Connecticut wanted Adamson of Georgia to answer a very difficult question. "There is not a man in the world," responded Adamson, "except Jim Mann, who knows everything at once, though some may know many things."

And the Georgia man was sincere. He really gives the minority leader credit for extraordinary knowledge.

## LORIMER VOTE ON JULY 6

Date Is Decided at Conference of In-  
vestigating Committee.

Washington, June 10.—The senate will vote on the question of unseating Senator Lorimer of Illinois Saturday, July 6. This date was agreed upon at a conference, at which the views of both the pro-Lorimer and anti-Lorimer senators were voiced.

The agreement, however, was with the understanding that in the event of the adjournment of congress earlier than July 6 the voting time would be advanced so that the case would be finally disposed of at this session of congress.

CALIFORNIA CONVICT  
KILLED IN MUTINYPrison Guard Shoots Down One  
of the Ringleaders.

San Quentin, Cal., June 10.—A continuation of the "grub strike" demonstration in San Quentin prison developed into a riot in the general mess hall, as a result of which one prisoner was shot and killed and two were wounded.

H. L. Lynwood, a naval prisoner, serving a term of six and one-half years for desertion and impersonating an officer, was shot and killed.

Nineteen hundred prisoners were sitting down to dinner when 200 or 300 of the men began a concerted demonstration. Not content with voicing their protests with shrieks and catcalls the demonstrators began throwing dishes and food. Some made a rush for the adjoining kitchen and began hurling heavy pots and pans about the room. The men were driven out with a hose spouting live steam, several of the rioters being severely burned.

The majority of the men, who had taken no part in the demonstration and were anxious to escape from the hall, made a rush for the doors. At two of the doors the men passed unmolested. At the third several of the rioters gathered and endeavored to block egress, their purpose being to keep the men in the mess hall and prolong the demonstration.

It was here that Lynwood, one of the leaders of the mutineers, was shot down. A guard's bullet pierced his chest and he died almost instantly.

## CUMMINS BOOM IS READY

Club Can Start Demonstration on Fif-  
teen Minutes' Notice.

Des Moines, June 10.—"The stage is set for the biggest kind of Cummins demonstration in Chicago on fifteen minutes' notice," said Charles S. Wilcox, a member of a committee in charge of the interests of Senator Albert B. Cummins before the national Republican convention, who returned from Chicago.

"The Cummins for President club has enrolled more than 1,000 members during the last week. Under the surface there is a big interest in Senator Cummins' candidacy for the presidential nomination in Chicago. The club has charge of the arrangements of the Chicago demonstration that will be put on when the time appears opportune. If conditions never look right for Cummins no demonstration will be made, but every arrangement, including bands and marching uniforms for hundreds, has been made."

## PASSES GROSS EARNINGS TAX

Minnesota House Approves Important  
Measure.

St. Paul, June 10.—The Rines-Warner gross earnings bill was passed by the lower house of the legislature by a vote of 101 to 5.

The bill provides for the submission to the people of a constitutional amendment which would raise the rate of the railroad gross earnings tax from 4 to 5 per cent, make the tax payable semi-annually instead of annually and impose a tax on the income of railroads from investments as well as from operation.

The increase in the tax rate is expected to increase the revenue from railroads by \$1,000,000 a year.

## JUDGE DEFENDS HIS RULING

Hanford Reads Supreme Court Decla-  
tion to Future Citizens.

Seattle, June 10.—Saturday was naturalization day in United States Judge Hanford's court. The judge, as usual, wore an American flag in the lapel of his coat and a large flag was stretched upon the wall behind him.

On the opening of court Judge Hanford read, for the benefit of prospective citizens, a description of the government of the United States. He added a condemnation of anarchists and persons who placed the red flag above the Stars and Stripes. Then, laying aside the paper, he said:

"There has been an uproar recently because the court canceled the naturalization of an alien who was alleged to have obtained his citizenship papers by fraud. The naturalization law confers upon the court power to cancel citizenship papers when obtained by perjury or fraud."

Judge Hanford read extracts from a supreme court decision handed down May 27, 1912, which affirms the authority of federal judges to cancel citizenship papers.

## STREET CAR KILLS CHILD

Mother of Victim Also Probably Fa-  
tally Injured.

St. Paul, June 10.—Raymond Dusek, six years old, was killed and his mother, Mrs. Frank Dusek, probably fatally injured when an eastbound Snelling-Minnehaha street car, failing to stop while a westbound car from which they had alighted discharged its passengers, struck and hurled them to the sidewalk. The son was killed instantly and the mother was rendered unconscious and received a bad fracture of the skull, a compound fracture of the left leg and serious injuries about the body. She was rushed to St. Luke's hospital in an automobile where it is thought she will not recover.

Unofficially Announced Roose-  
velt Will Be There.

## MAY START AT ANY TIME

Former President Is Expected in the  
Windy City by the Middle or Latter  
Part of the Week—Members of Re-  
publican National Committee Are  
Indignant Over Statement Issued  
From Sagamore Hill.

Chicago, June 10.—After a meeting of a group of a dozen of Roosevelt's managers here it was unofficially announced that Colonel Roosevelt would arrive in Chicago either by the middle or latter part of the week. The former president's managers declined to say what day Colonel Roosevelt was expected to arrive.

A majority of the members of the Republican national committee, after a lengthy conference, unofficially decided to refrain from any comment upon the statement issued by Colonel Theodore Roosevelt, in which the former president denounced the action of the committee in seating the two Taft delegates from the Ninth Alabama district.

The impromptu meeting of national committee members was held at a downtown hotel and was attended exclusively by those committeemen who generally are accepted as favorable to President Taft's candidacy for re-nomination.

Certain of the committeemen who attended the meeting expressed great indignation at the text of Colonel Roosevelt's strength, which they declared was deserving of an emphatic reply. Others, however, counseled against a reply of any kind and urged their fellow committee members to ignore the statement. The advice prevailed. Few of the Taft managers would discuss the meeting. One, however, said:

"We are going to stand pat on our actions, regardless of the remarks of persons who are prejudiced and unfair. The work speaks for itself and that is all there is to it. There is but one way to handle unreasonable people and that is to ignore them."

## Heney and Pardee Arrive.

Francis J. Heney, the lawyer who prosecuted San Francisco graft cases, and former Governor George C. Pardee of California were among those who arrived at Roosevelt headquarters. They conferred with United States Senator Joseph M. Dixon of Montana, Colonel Roosevelt's campaign manager, and other Roosevelt leaders.

Walter F. Brown of Toledo, chairman of the Republican state central committee in Ohio and one of the active Roosevelt leaders, departed from Chicago for the East and it was reported that he had gone to Oyster Bay to confer with Colonel Roosevelt regarding developments in the convention situation.

Thomas K. Niedringhaus of St. Louis, newly elected national committeeman from Missouri and another prominent Roosevelt adherent, also departed from Chicago for the East.

Senator Dixon issued a statement in which he denied reports that Roosevelt managers intended to withdraw pending contests. In this connection the statement said:

"Of course we do not intend to do any such thing. Every contest will be presented by us. If a majority of the national committee is prepared to deliberately unseat Roosevelt delegates, as the Taft managers insist they will do, we are going to see that the robbery is committed in the open daylight and in full view of ninety million American citizens."

It is perfectly apparent that the Taft managers have under perfect control enough members of the national committee to do exactly as they please regarding the remainder of the contests, nearly all of which are from the Republican states of the North and West.

## SAY TRAIN IS ALL READY

Rumor That Special Will Rush Roose-  
velt to Chicago.

New York, June 10.—According to a rumor that sifted in from Oyster Bay there is a special train waiting in the yards of the Grand Central station ready to rush Colonel Roosevelt to Chicago, starting any time of day or night, if he gives the word.

The same rumor had it that the colonel is so sure that the "call" will come for his presence at the convention that he fully expects to use the train and that it will shoot from New York to Lake Michigan without a stop, at better than Twentieth Century speed, and that even the berths have been made up in preparation for departure at a moment's notice.

## TAFT NOW HAS SEVENTY-TWO

National Committee Gives Him Forty-  
eight More Delegates.

Chicago, June 10.—Forty-eight delegates were given to the Taft account by the Republican national committee in its decisions in the Arkansas, Florida and Georgia contests. With Friday's twenty-four this makes seventy-two additions to the Taft total.

No cases were won by the Roosevelt contestants.

AN ICEBERG'S SECRET.

One of the Mysteries of the Sea That Will Never Be Solved.

The age of an iceberg is problematic. The berg that sank the Titanic may have been forming on the coast of Greenland when Columbus crossed the sea or even before that. Then again it may have been reared by the elements since Peary's first expedition to the pole, but probably it antedated steamships by many years.

In 1841 a great berg appeared off St. John's, N. F. Its pinnacle was fully a hundred feet above the sea, and its base formed a glittering island in the middle of which, imbedded between two hills of ice, were two ships side by side. The masts were gone, but otherwise the upper works seemed to be intact. Scattered about the decks were various objects that might have been the frozen bodies of the crews. All were covered with snow.

Several old sailors approached the berg as near as they dared to and scanned the ships through powerful glasses, but could not see any name or anything to indicate their nationality or business on the seas. There were no signs of life aboard them, nothing but the motionless masses under their white coverings.

They were believed to be part of Sir John Franklin's expedition and were seen at the mouth of the harbor almost stationary for several days. Then one morning the berg was gone, and the ultimate fate of the derelicts it carried is still one of the mysteries of the sea—Minna Irving in New York Press.

The Roman Forum.  
There were many forums in Rome, but the oldest and most famous was not created like a building at a certain time. The Forum Romanum was originally the lowlands between the Palatine, Capitoline and Quirinal hills, used as a meeting place for barter and politics by the tribes living on the hills named and on other hills near by. The development of this crude trading place and neutral ground into the Roman forum of later times was very gradual and irregular.

## UNIVERSITY WEEK

An Attempt to Bring Work of the University to the People of Our City

The University Week as engineered and outlined by Pres. Vincent, is an attempt to develop an interest not only in local but in the entire state, along many lines of thought. This project although new in our state, has been worked successfully in a number of other states in the Mississippi Valley. Wisconsin is especially prominent in this work. This has brought about Farmers' clubs, reading circles, and a general interest in all lines of educational advancement.

Pres. Vincent's idea is to make the university more democratic by bringing some of its work to the doors of every citizen of this state. Our great state with its vast resources and its assured future cannot afford to lag behind her sister states in this progressive movement.

Reports reach us from cities that have had this week, that they were largely attended and proved to be a great success. We as a city, cannot afford to let this opportunity for boosting our own city and also receiving the benefit of a week of general education, pass by.

The program is so varied in its nature that it will appeal to every walk in life. A glance at Monday's program will reveal the variety of subjects:

9:30-10:15, "Social Life in Town and Country," by Supt. Monroe, of the Putnam school, Cokato.

10:15-11:00, "The Nutritive and Money Values of Foods," by Miss Rowe, Dept. Home Economics, College of Agriculture.

11:00-11:45, "The School and the Nurse," by trained nurse.

2:00-2:45, "A Changed View of Education," by Supt. Monroe.

2:00-3:30, "Guatemala," by Mrs. George E. Vincent.

3:30-4:30, Reading Hour, Miss Elizabeth Wallace, assistant professor of Romance Languages, University of Chicago.

8:00 P. M., University Dramatic club in "The Merchant of Venice."

The Dramatic club is under the direction of Professor Charles Holt, and the immediate leadership of Mr. Robert Wilson, an acknowledged star. This organization has never been better prepared to do excellent work. Costumes furnished by the Smith Costume company, Minneapolis.

This number is of especial interest to high school pupils and students of Shakespeare. This number is strongly recommended by the high school faculty for the high school pupils.

Supt. Monroe's talks will be of especial interest to the farmers and business men. Our business men should encourage our farmers to hear him, for he has been very successful in directing one of the most up to date agricultural farm schools in the country.

The number by Miss Rowe will be of especial interest to the home, and the numbers by Mrs. Vincent and Miss Wallace will be of interest to all.

This excellent and varied program should insure a large attendance on the first day.

Henry VIII's Way.  
King Henry VIII. had a good notion of passing bills promptly. Your head or my bill was his short way with dallying ministers. On one occasion he sought the dissolution of various monasteries and failed at delay. He sent for the influential Edward Montague. "Ho, man, will they not suffer my bill to pass?" he stormed. Montague bowed. "Get my bill passed by tomorrow," he continued, "or else tomorrow this head of yours will be off." And the commons hesitated no longer.

Benton County at Brainerd.  
Crosby at Little Falls  
Royalton at St. Cloud.

Brainerd played Royalton Sunday afternoon and in this instance the Dispatch depended on a lot of people for some account of the game but everybody failed to come across with the copy. The score sheet had not been balanced and so that cannot be given, hence the small amount of space allotted Brainerd.

Cook pitched for Brainerd and Bud Roderick was on the receiving end of the line. Cook, as usual pitched a fine game and further distinguished himself by hammering a home run hit over the fence, driving in several runs. He had Royalton at his mercy and the town with the baking powder name failed to get a man past second base. Reed and

## AGED FARMER HANGS HIMSELF

Special to Dispatch:

Motley, Minn., June 10—Peter Kimmerberg, aged 64, hung himself in a deserted barn near the farm of his son, with whom he had made his home. Kimmerberg had spent some time at an asylum and later, when released, his wife died. This preyed on his mind. He had been heard to mention self destruction at various times and a watch had been kept on him. The farm is situated in Meadowbrook about 13 miles northeast of Motley. Coroner E. F. Miskella, of Cass Lake, viewed the remains and pronounced it a suicide.

Doty pitched for Royalton with Hanson catching.

Harold Kalland played a fine game at first and Erickson on second base and Ira Roderick as shortstop were on the job every minute. All the hits Royalton made were stubby, little infield hits and each one was raked in. Ed. Rogers played right field. He missed two, but redeemed himself when he ran half way across the field and hauled down a fly which meant runs had been lost. Several Brainerd autos attended the game. Among the local visitors was F. S. Parker. There were only 150 paid admissions, when, considering the quality of ball played there should have been over 500.

## Crosby Wins from St. Cloud

Special to Dispatch:

Crosby, Minn., June 9th—Crosby won the opening game here of the Central Minnesota Baseball association, by defeating St. Cloud with a score of 8 to 2. It likewise won its first league game, having been defeated in the first five games played. The game was exciting throughout and kept the large attendance in an uproar continuously.

The features of the game were the pitching of Lyle, who allowed the

Aitkin Man Has a Score of 44 Out of a Possible 50 at the Sunday Afternoon Shoot

## TWO TRENTS MAKE RECORDS

Geo. T. Trent, Sr., High Gun of Professionals and Geo. E. Trent, Jr., of Amateurs

E. J. Goward, of Aitkin, won the old board of trade state championship diamond badge at the Sunday afternoon shoot of the Riverside Gun club, open only to Minnesota contestants. His score was 44 out of a possible 50, there being 26 singles and 12 pair shot at.

G. J. McGraw, of Minneapolis, the manager of the Crocker Gun Co. was second with a score of 42. V. J. Sugrue, of Cuyuna, who won the badge in 1910, stood third with 41 to his credit. George Trent, Jr., was fourth with 40. Artie C. White, who won the badge in 1911, and Harry Paine had each 39, tying for fifth place.

It was the first time in the history of any Minnesota tournament that a father and son, George E. Trent, Sr., and George E. Trent, Jr., scored respectively the highest scores in the professional and amateur classes, the former 283 out of a possible 300 and the son 277 out of a possible 300.

J. H. Stair, of Crookston, scored 280; H. C. Rinkel, of Minneapolis, 270; J. C. Dickey, of Minneapolis, 267. Gilbert R. Clark, of Duluth, shot the first day and made 139 out of a possible 150.

The scores made are as follows, showing targets made each day, 150 being shot at by both professionals and amateurs on Saturday and Sunday:

## A. H. JOHNSON DIES SUDDENLY

Former Brainerd Man Hurt in Como Car Shops at St. Paul Last Winter, Died Saturday

A. H. Johnson, who was injured in an elevator accident at the Como shops in St. Paul last winter, passed away suddenly on Saturday evening about six o'clock. Mr. Johnson was a car repairer, following his trade for many years in Brainerd and living in Northeast Brainerd. About a year ago he removed to St. Paul.

The deceased was supposed to be improving in health and was up and walking around. He left the hospital Saturday afternoon and was walking near the river. In the evening he failed to appear at the hospital for his supper. A patient who happened to walk across the bridge noticed him lying on the bank and the doctors were notified. He died shortly after they arrived.

The deceased was a Mason and a member of the Modern Woodmen of America. The body will lie in state tomorrow at Masonic hall from nine o'clock in the morning to the hour of the funeral. At 2:30 there will be church services at the hall, Rev. Charles Fox Davis officiating. He will be buried under the auspices of the Masons, services being held at the hall and at the grave.

The sympathy of the community is extended the wife and seven children who survive the deceased.

## Notice M. W. A.

All Woodmen are requested to meet at the Woodmen hall at 2 P. M. Tuesday, June 11, to attend the funeral of our late brother, A. H. Johnson.

Peter Peterson, Consul.  
M. E. Morrison, Clerk.

## DEATH CALLS JOHN BURGOWNE

Passed Away on His Homestead Near Horse Shoe Lake at Eleven O'clock Last Night

John Burgoyne, one of the pioneer residents of Crow Wing county, passed away last night at eleven o'clock at his homestead near Horse Shoe lake. His wife was with him when death closed his eyes. Earlier in the afternoon Miss Zella Burgoyne and a friend had accompanied a doctor to the patient and the physician had stated that Mr. Burgoyne was in no immediate danger. Miss Burgoyne then returned to Brainerd.

The deceased leaves a wife and two daughters, Miss Zella Burgoyne and Miss Bess Burgoyne. Mr. Burgoyne was widely known throughout the northwest where for many years he followed his vocation of timber cruiser. For a time he lived at Gull River, removing later to Brainerd. It was recently that he had taken up the homestead.

The many friends of the family tender their sincere sympathy to the bereaved wife and daughters. The funeral arrangements will be announced later.

## BRAINERD BEATS ROYALTON, 7 TO 0

(Continued from page 3)

visitors but three hits, one being a decided scratch, the fielding of Phillips and the batting of Phillips, Kilty and the home run made by Hagen of the Crosby team.

Nothing of consequence happened in the first two innings, both teams drawing blanks. In the third Peterson flew out to center and McGenty grounded out to first. With two down Brumm singled to right and stole second. Kinkel also singled to right scoring Brumm. On a passed ball by Kriz, Kinkel went to third and scored on a scratch by Thielman. M. Prem went out from third to first. Two runs.

For Crosby Lyle struck out. On an error of Stember, Hudson was safe at first and went to second on a wild throw. Phillips singled to right scoring Hudson. Kilty singled to center, Phillips going to second. Lovdahl's drive to Thielman was too hot to handle to get him at first but Kilty was forced at second, Phillips going to third on the play. On a talk by Thielman, Phillips was allowed to score, Lovdahl going to second. Hagen drew a base on balls but was caught taking too great a lead off first. Two runs.

Both teams drew blanks in the fourth, as did also St. Cloud in the first of the fifth. In this inning Lyle for Crosby, struck out. Hudson singled over second and went to second on a passed ball by Kinkel. Phillips flew out to third and Kilty drove out a three base hit to center scoring Hudson. On the throw-in to catch Kilty at third the ball went wild and Kilty made a dash for the plate. Luck, however, made a quick recovery of the ball and the runner was nailed at the plate. One run.

St. Cloud was unable to get into the run column again during the rest of the game. In the seventh Crosby started the fireworks again scoring five runs. Rondorf, who had replaced Randolph in right, was safe on an error at first. Lyle was safe on a bunt, Rondorf going to second. Phillips singled to right scoring Rondorf, Lyle going to third on the play and Phillips to second. Kilty flew out to center scoring Lyle. Lovdahl hit to first but the ball was fumbled and Phillips scored. Hagen then came to bat and knocked the ball over the left field fence for a home run sending Lovdahl in ahead of him. Kriz fanned the air three times but the third strike got away from Kinkel and Kriz was safe at first and shortly after stole second. Nevers struck out. This ended the scoring.

Summary—Three base hit, Kilty; home run, Hagen; sacrifice hits, C. Prem, Kilty; hit by pitcher, by Lyle, M. Prem, Luck; stolen bases, Brumm, Stember and Peterson; Lovdahl and Kriz; struck out by Thielman, 10, by Lyle, 8; base on balls, by Thielman 2, Lyle 2. Umpire Hayes.

### Thielman Wins Game

Special to Dispatch:

Sauk Rapids, Minn., June 9—Jake Thielman was the whole show as far as the Benton County base ball aggregation were concerned in their game yesterday at Sauk Rapids against Little Falls. He held the Little Falls sluggers to three measly singles during the nine inning session, struck out ten men and was responsible for the three scores made by his team. Although Thielman is given credit for winning the game, H. Dominik, the big southpaw for the Little Falls team twirled equally as good a game as his opponent, but an error, two base hit and a wild pitch in the eighth inning gave a game to Benton County. Dominik allowed three scattering hits and struck out 14. Little Falls scored its two runs in the sixth inning.

Summary—Two base hit, Thielman; sacrifice fly, Thielman; sacrifice hit, Thielman; struck out by Thielman, 10, by Dominik 14; base on balls, off Thielman 2, off Dominik 2; hit by pitcher by Dominik-Merrill; double plays, Larson to Heinzel, Merrill to Heinzel; left on bases, Benton County 5, Little Falls 4; wild pitch Dominik. Umpire Bouton, St. Cloud.

### An Effective Whistle.

A popular English author was wholly incapacitated from work by a lady who lived next door and strummed through Handel's "Messiah." His idea of the invariability of an Englishman's house did not allow him to send in any message, and he was at his wits' end till he saw in a daily paper that steam whistles could be bought to fit on to kettle spoons. He provided himself with one and put the kettle on the fire in the room nearest the singer. As soon as the whistle began he went out. Of course the bottom came off the kettle, but it cost little to solder it on again, and after two or three solderings the lady took the hint.

### Power of St. Francis.

The power of St. Francis of Assisi, son of the practical Peter Bernardone and the tender Madonna Plea, over the western world of this time and over our hearts in our time has been explained in many ways. But it has only one source, and that is love. Love made him a poet, love made him a saint, love gave him life and fire and understanding and all the things that were added to him.—Century Magazine.

## LIBRARY BOARD HAS A MEETING

Annual Reports of the Secretary and Librarian are Read—Children's Hour Report Read

### ELECTION OFFICERS POSTPONED

A Number of Bills Were Allowed—Additional Repairs to the Roof Ordered

The adjourned meeting of the library board was called to order by President Wilson. The members present were Miss Cosgrove, Mrs. Patek, Mrs. Rowley and Messrs. Davis, Hayes and Roderick. The following bills were allowed:

G. W. Chadbourne, insurance, \$12.00  
John Larson, fuel, 17.00  
Dispatch, 3.00  
Slipp-Gruehagen roof, 12.00

It was moved and carried that the building committee be instructed to get prices on the balance of the roof if they guaranteed the work and to ascertain which kind of a roof would be advisable and to notify the secretary to call a special meeting as early as possible.

The secretary reported a balance of \$16 and five cents of fine money. The yearly reports of the secretary and the librarian were read and accepted. The annual report of the ladies who have charge of the Children's Hour was read and approved. President Wilson was asked to write the ladies a letter expressing the appreciation of the board.

The election of officers was postponed to the next regular meeting. The board ordered the trees on the boulevard trimmed.

The librarian's report for April, 1912, is:

### READING IN BED.

Not Injurious to the Eyes if a Few Simple Rules Are Observed.

To those addicted to the practice of reading in bed the remarks of Dr. Carl Seiler will be of interest. He states that there is no valid reason to be urged against using the eyes in a proper manner in a recumbent position—such use is the least tiresome and can be persisted in for longer periods without damage than any other position.

We all know that grave damage is often done by reading in a recumbent posture, but therein possibly some oculists are at fault. Had it been the universal practice during the last twenty or thirty years to give careful directions how to read lying down instead of saying to one and all, "You must not read lying down," there would be less near sight and better eyes in the community than now exist.

Three easily avoided errors cause all the harm possible from reading lying down, the first often leading to the other two. They are insufficient or wrongly directed light, short reading distance and tipping the book out of the plane at right angles to the line of vision.

If, however, every one reading lying down will so arrange his lounge or bed that the light comes over the head without striking the eyes and falls well upon the page, if he will hold his book at a long reading distance and take care that the line of letters shall be at right angles to the line of vision, he can be sure of doing his eyes no more harm than if he were sitting up.

More than this, there is much postulated in favor of reading lying down. Dr. Seiler concludes, "The recumbent posture allows more rest of the bodily structures than the sitting posture, and there is greater possibility of resting and repair in that position."—London Globe.

### Mark Twain's Question.

Mark Twain when visiting Melbourne was the guest of the mayor on a picnic trip down the river Yarra, a stream renowned for its crookedness and for the odor from its banks. On account of the many turns in the river numerous signs reading "Dead Slow" are placed at the turnings to warn ship captains to slacken speed, and these attracted Twain's attention. Sniffing cautiously at the tainted breeze that came from the slimy banks, he turned to his host.

"Mr. Mayor," he asked, "what are these dead slows that smell so strong?"

### Radium's Wonderful Power.

Suppose that the energy of a ton of radium could be utilized in thirty years, instead of being evolved at its invariable slow rate of 1,700 years for half disintegration, it would suffice to propel a ship of 15,000 tons, with engines of 15,000 horsepower, at the rate of fifteen knots an hour for thirty years—practically the lifetime of the ship. To do this actually requires 1,500,000 tons of coal.—Sir William Ramsay.

### Notes of the Shoot

The diamond badge won by E. J. Goward, of Aitkin, was won by Artie C. White in 1911. Vernon Sugrue, of Cuyuna, held it in 1910. The badge is of solid gold in the shape of a shield suspended from a bar. The sides of the shield have a wreath about it. On the bar is engraved, "State Championship." On the shield are the words "Minnesota." A large diamond swings from a chain and fits in a place at the top of the shield. On the back are engraved the words: "State Fair Tournament, Sept. 9, 10 and 11, 1885. Presented by Citizens of St. Paul." It has been shot for nearly every year thereafter.

A shooter winning the badge three times in succession was, under the rules originally promulgated, entitled to keep the badge. But no one in all these years has been able to make such a record. George Trent, Sr., had the badge two times, but not in successive years. The badge has acquired such a reputation now that it is doubtless improbable if any man would retain it, even if won three times in succession. All the shooters believe in passing it around to whoever has the honor of being first in the badge shoot.

G. J. McGraw, who won second place in the badge shoot, finished second at Aitkin last year. He was one of the oldest shooters at the tournament and takes a great interest in the game.

Vernon Sugrue has been trap shooting three years and is a young man at the game.

The trap worked fine at the shooting grounds of the Riverside Gun club. It gave no bother of any kind during the two days' shoot. George Ridley officiated as referee; Bob and Clyde Trent were scorers and Henry White, the cashier.

A lunch counter did a thriving business at the grounds and it was not necessary to leave the tournament field in order to get a dinner.

C. A. Olson made 50 miles the second day carrying passengers to the grounds and back to the hotels and other places. His car was in service the two days of the shoot and gave good satisfaction.

Dr. Henry J. Thielman, of St. Cloud, was given a chance to finish his shooting early on Sunday so as to enable him to catch the afternoon train for Crosby where Thielman pitched for the saints. The continuous shooting may have affected his pitching arm.

George E. Trent, Sr., certainly had a strenuous week of it. Early in the week his son graduated from the high school. Later his daughter was married and on the days of the shoot father and son won the high marks in professional and amateur classes.

In going over reminiscences of early shooting days George Trent mentioned a shoot which took place at Aurora. Eight or ten men showed up and when they were asked if they had any ammunition each pointed to his pocket and said he had.

### SHERIFF'S SALE

By virtue of a certified copy of judgment issued out of and under the seal of the District Court, in and for the County of Crow Wing and State of Minnesota, upon a judgment rendered in the said Court on the 11th day of May, A. D. 1912, in an action wherein the Mahlum Lumber Company, a corporation, is plaintiff and D. R. Hillis, whose true name is D. R. Hillis, Frank Waechter, George H. Crosby, and A. E. Brink, E. A. Brink and J. E. Brink, co-partners as Brink Hardware Co., are Defendants in favor of the said Plaintiff and the Defendant, the said Brink Hardware Co., and against the said Defendants, D. R. Hillis, whose true name is D. R. Hillis, Frank Waechter, George H. Crosby, and A. E. Brink, E. A. Brink and J. E. Brink, co-partners as Brink Hardware Co., for the sum of One Hundred Forty Two and 50-100 (\$142.50) Dollars, which certified copy of judgment was directed and delivered to me as sheriff in and for said County of Crow Wing, State of Minnesota, I have this 11th day of May, A. D. 1912, levied upon all the right, title and interest of the said Defendants, D. R. Hillis, whose true name is D. R. Hillis, and Frank Waechter, in and to the following described real estate lying and being in the County of Crow Wing and State of Minnesota, as follows, to-wit: Lots numbered Seventeen (17) and Eighteen (18), in Block Nine (9), in the Town of Crosby, according to the plat thereof on file in the office of the Registrar of Titles in and for the said county, the title to which is registered and the certificate of title is No. 24 (Vol. 1, page 24).

Notice is hereby given that I, the undersigned, as Sheriff as aforesaid, will sell the above described real property to the highest bidder for cash, at public auction at the front or 4th street door of the Court House, in the City of Brainerd, in the County of Crow Wing, State of Minnesota, on the 1st day of July, A. D. 1912, at ten (10) o'clock A. M. of that day, to satisfy said judgment together with the interest and costs thereon.

Dated May 11th, A. D. 1912.  
FRED J. REID,  
Sheriff of Crow Wing County, Minn.  
By CLAUD A. THEORIN, Deputy.

had about ten shells. Each carried about 30 cents worth of shells. The man who worked the trap had a plow share stuck in the ground and the shooter did not give the signal to pull, for the man at the plow share did that. When he was ready he hammered a bolt against the plow share and the shooter fired as soon as this home-made signal was rung. After the Auroraites had blazed away 7 or 10 shots they went home and the tournament was over.

Mrs. Atwater, of Pequot, shot after the regular events. The visitors at the tournament and the local shots were the guests of the Commercial club on Saturday evening.

Sunday afternoon many of the visitors took an auto trip to Sol Merve's place and went fishing.

It is estimated that 13,500 shots were fired at the tournament and that over \$650 worth of ammunition was blazed away.

### His Sole Regret.

"You are not afraid to die, are you?" asked the weeping watcher by the bedside.

"No," whispered the chronic kicker, "but it does worry me to think that I shall soon be with the silent majority when all my life I have so enjoyed being in the noisy minority."

### Too Small a Ring.

"What you need," said the wordy medic in his ponderous way, "is an enlargement of your daily round, a wider circle of activity."

"Mebby that's right," said the patient, "I'm a bareback rider in a one ring circus."—Cleveland Plain Dealer.

### Making Headway.

"Have you a spare cigar about you old chap?"

"Certainly! But I thought you were going to stop smoking."

"So I am, but not too abruptly. I've already quit smoking my own cigars."—Boston Transcript.

### Saved This Baby

"Everyone said I would never raise my baby. One day a friend said, 'Why don't you send to the Mellin's Food Company for a sample and try it?' I took the advice and sent. Baby loves it dearly and when anyone says, 'How your baby has changed; what are you giving it?' I say, 'Mellin's Food,' because it saved her life and made a happy home."

## The Delights In Baking With CALUMET BAKING POWDER

To fully appreciate the real pleasure of baking, buy a can of Calumet and as a test bake a batch of biscuits. See how light and wonderfully raised they come from the oven. Then break one of them open and note how thoroughly, evenly and fluffily the dough has risen. And the final test—the one that counts—butter and taste. This test will prove to you that Calumet is the most dependable Baking Powder for every purpose. It will prove its economy over the high-price trust brands and its great superiority over the cheap and big can kinds. For Calumet is highest in quality—and moderate in cost. Received Highest Award World's Pure Food Exposition.

## BARROWS

The new mining town on the Cuyuna range, offers splendid opportunities for investment and for the establishment of business in various lines. This town is located in the richest part of the range, adjoining the Barrows mine, which will ship ore this season, and where a large force of men is now employed in putting down the third shaft, two being already completed. A number of other mines adjacent to the townsites will be opened up, making Barrows one of the greatest mining centers on the range. Streets are graded, cement sidewalks in, and buildings are going up rapidly. Lots are now offered at from \$150 to \$400 on the partial payment plan. Buy now while you can buy at the first offered price; get located in a live new town and prosper with the development of the country.

A few years ago lots that were sold in Hibbing, Virginia and Chisholm at the prices we are now asking are worth today several thousand dollars. For further information apply to
